**O**ur shop is taking a new release of life, please come in and see me, open most days hopefully 2-4 hours daily, if I'm not playing golf. I would like your input, what shall we have in the shop? excellent suggestions so far, bamboo tees, Titleist, Bridgestone golf balls, Wet weather gloves, clothing catalogues all of which I will act on.

**W**e have an opening for a Club Captain, if you or you know someone who would like to be nominated please write your/their name and to be signed by proposer and nominee.

**U**nfortunately mice have decided to move indoors, so Pest Control have been contacted they will be laying bait around the lounge, kitchen, bar, shop. **Please Note:** Owners of dogs, keep your dog on a leash, they won't be able to get at the bait laid around, but the dead mice will be a problem. A sign will go up when the Pest Control start.

**T**he committee are wanting the names of all those interested in playing interclub next year: Div 2, Div7, Div 11. also selectors. A form will be placed on the board in the foyer.

**U**nfortunately both our interclub teams didn't come out on top this year, but both teams enjoyed their games and competed well. Well done.

**S**ome of our vet members made the 'mystery' trip to....Dannevirke Golf Club, what a wonderfully, well set out course. We played with some of their vets, 3 of our members won minor prizes, unfortunately local knowledge proved to good. Invited them to visit us, I know they would enjoy our course.

**O**ur junior golfers played in the Future Golfing Tournament, hosted by Eketahuna. What a new experience, not hitting the sheep... also being careful in muddy patches not to slip and slide in the cart. Well done Lochie, Scotty, Harlem and Alyiah. Thanks Dinny for your support
