What a turn out for the Halberg Disability Sport Foundation Day!! It started to drizzle just as we headed out then into consistent rain from the 5th hole to almost the end. Players struggled on and were rewarded with a warm lounge, hot food and drinkies, and a great auction. We managed to raise over \$900 for the Halberg Foundation, huge thanks to all who donated.

Alexander cup winners: Ladies: Michelle Coley Men: Simon Johnston, both players are invited to Paraparaumu Golf Club in the new year to represent Mahunga. Congratulations

Carts. Our club could possibly be the only club in the Wairarapa with so many carts, (all are privately owned) 23 last count. So to all drivers and passengers please be sensible on your carts and on the course. A new cart parking area has been developed on the driving range, please use this parking area only. **No parking by the shop!**

Junior Golf. There appears to be a young 'Rory McIlroy' in the making or at least that's who his idol is! 8 year old Lochie Coley is out practicing every possible moment. I remember other '**young**' Mahunga players doing the same thing, Troy Shaw, Matthew Biel, Daniel Towgood and Cheycoda Cocks.
